

The 497 most frequent words in the Introduction to Old English / Old English Aerobics Anthology

This is a list of all the words that are indexed ten or more times in the IOE/OEA database, sorted by frequency (the number on the right). Within frequency groups, the order is roughly alphabetical. Note that many occurrences of some high-frequency words are not included in the database: thus the actual number of occurrences of (for example) **and** in the anthology is much higher than indicated here.
